## WHEN TO EXPECT YOUR ORDER

Orders are usually despatched within three working days, and should be delivered within the following three days. However, please allow an extra week in case there has been a delay in despatch (if we are waiting for stock to arrive), or the Post Office is being slow! If we are experiencing a problem with an out of stock line, we will either part ship your order, or contact you to advise of the delay.

We despatch orders over 1500g by Parcel Force on a 48 hour service (unfortunately they are unable to give a time for delivery). If you give your email address, you can receive email confirmation from Parcel Force when your parcel has been despatched and use their on-line tracking service. They can leave the parcel in a safe place if we give instructions, so if you expect to be out please do give special delivery instructions (e.g. leave in porch / shed or with neighbour at number xx), or please give an alternative delivery address. If you are out and have not given any special instructions, Parcel Force will leave a card and you can contact them to re-arrange delivery or collection from your local Post Office, or you can collect from the Sorting Office. Please note, if you do receive a card you must contact Parcel Force within a week or the parcel will be returned to us – we will then have to charge for re-delivery.

Small parcels (under 1500g) are sent by Royal Mail 1st Class Post.

## RETURNS

We always want you to be happy with the products you receive from us. We accept returns as long as they are unused / unopened, and are returned in their original packing within 30 days. We will give a full refund of the purchase price (unfortunately we cannot refund postage unless the product is faulty or has been incorrectly supplied). We are unable to accept returns of opened products for reasons of hygiene. This does not affect your statutory rights.
